

Chorus:

Gucci, Prada, Fendi you can have it  
Long as you do it, long long as you do it LIKE THAT  
You can ride on the passenger side of my whip  
Long as you do it, long long as you do it LIKE THAT  
You can ride around with me  
Long as you do it, long long as you do it LIKE THAT  
Baby you can spend the night with me  
Long as you do it, long long as you do it LIKE THAT

Verse:

From the way you cook my scrambled eggs  
With a little cheese on top  
In the kitchen with your apron on  
Pink with the see thru top  
Them boy shorts got me mesmerized laby  
You can walk around like that all day I don't mind,  
No...baby I don't mind...no...uhh uhhh  
Girl you mean so much to me  
Something like a lifeline  
If you need anything from me tell me and I'll provide  
I'll go to the store right now  
Just don't stop doing those things you do to me yeah, girl you know  
That I like when you Beyonce dance all in front of me and got a bulge in my pants yeah

Chorus:

Gucci, Prada, Fendi you can have it  
Long as you do it, long long as you do it LIKE THAT  
You can ride on the passenger side of my whip  
Long as you do it, long long as you do it LIKE THAT  
You can ride around with me  
Long as you do it, long long as you do it LIKE THAT  
Baby you can spend the night with me  
Long as you do it, long long as you do it LIKE THAT

Verse 2 RAP:

Ain't shit better than a down chic from the south  
all that poppin at the mouth I don't go for that  
and if you're girl in our biz I'ma have to get another girl to snatch her weave out  
then gone and leave out  
I hope you're not the drama type cause you seem cool  
You can hang out with the kids cause I know you got two  
And if your baby daddy don't mind, drop your kids off so I can dig in your spine  
Baby I ain't lying  
She took I-20 down west, lil bitty Lexus IS  
But she pushing it to the limit when she step in the crib I'ma get it  
I'ma give you what you want you won't ever forget it  
Put it down while I roll me a Philly

Multitasking different things while I'm slinging the thing  
Me and my boo do strange things far from perfect  
But I'm universally sick upon these verses

Chorus:

Gucci, Prada, Fendi you can have it  
Long as you do it, long long as you do it LIKE THAT  
You can ride on the passenger side of my whip  
Long as you do it, long long as you do it LIKE THAT  
You can ride around with me  
Long as you do it, long long as you do it LIKE THAT  
Baby you can spend the night with me  
Long as you do it, long long as you do it LIKE THAT

Verse 3 RAP:

This verse I'ma dedicate to the ladies  
I love yall but yall be doing some crazy shit  
Like getting in the middle of your girlfriend problems  
Voicemail should say ghetto problem hood solver  
Stirring up some drama say you saw me in a Prowler  
then you feed it to your girl now she mad at me  
But all yall coming from the Kappa Beach  
Tyrone saw your ass shaking it in the streets  
Lights, camera, action the main attraction  
Put a beat on and she get to dancing  
Everybody got a camcorder in their hand  
Like its something like paparazzi or fans  
I done had a couple good girls had a couple hoes  
Had a couple boppers and I had a couple pros  
All impressed by the money, car, and the clothes  
Maybe they'll see me clearer if I'm riding in a Rolls..oohh

Chorus:

Gucci, Prada, Fendi you can have it  
Long as you do it, long long as you do it LIKE THAT  
You can ride on the passenger side of my whip  
Long as you do it, long long as you do it LIKE THAT  
You can ride around with me  
Long as you do it, long long as you do it LIKE THAT  
Baby you can spend the night with me  
Long as you do it, long long as you do it LIKE THAT
