Verse 1:

Damn girl the way you wear those jeans, got the fellas in the scene
Checking you out on the dance floor, and how you moving side to side
I really wanna know her name, I think I'm gonna spit some game but...whut
She can't turn me down, not me

Vamp:

How could I have ever known that she was a friend of my girl friend
I tried to play it cool, this time it was too late
She saw me on my Myspace, all hugged up with her best friend
I could deny that it wasn't me

Chorus:

I Never Wanna Lie Again
Caused me to lose the best thing I
Never Wanna Lie Again...I ...I ...I Never Wanna Lie Again
I Never Wanna Lie Again
Caused me to lose the best thing I
Never Wanna Lie Again...I ...I ...I Never Wanna Lie Again
